Organization Funds

The Foundation serves nonprofit organizations in many ways. One significant way is through organization funds. These endowments provide ongoing operational support for local nonprofits and are also a vehicle for donors who want to make a gift that will provide permanent support for their favorite charity. Grants from these organization funds are requested by the nonprofit and can be used for any purpose that furthers their mission.

Funds for the Future

The Foundation story is one of generosity. Many donors have contributed during their lifetimes to make our community a better place to live. But the Foundation is still young, and we know that our future is very bright. Our ability to serve the community is secured through donors who give not only while they live and work here, but also by those who choose to donate after death. Using wills, trusts, insurance policies and other estate planning tools, donors create a legacy for themselves through generous gifts that will survive us all. In doing so, they fulfill our vision of a vibrant, healthy future for our children and our children's children. If you have named the Foundation in your estate, please let us know so that we can recognize your generosity.

Planting the Seed—Founders

Each of our founders, through gifts to the Foundation—gifts of resources; and each of our board members and board alumni through gifts of time, expertise and compassion has helped to plant the seeds of the successful year outlined in this report. And we know that the trees they have planted and are planting, are continuing to grow, and the forest will one day be thick.
