## **SHCF *Anyone can be a grant writer workshop a success!***

The Smoky Hills Charitable Foundation (SHCF) sponsored a successful workshop with participants from non-profit organizations, schools, communities and others who are interested in making Ellsworth County a great place to live.

“We are grateful to the Dane G. Hansen Foundation for partnering with us on the grant writing workshop. The workshop was an overwhelming success. I received positive feedback from numerous people in attendance and I look forward to receiving more grants requests as a result.” - Theresa Staudinger, *Chairman*

## **Statement Reminder: Why Do I Have \$0 to Spend?**

The enclosed statement may show \$0 available to spend from your fund. The Foundation started a new fiscal year on July 1 and the new fiscal year available to spend amounts will be calculated in late July. Those amounts will appear on your September statement or you may call our office after August 1 for that amount. For Donor Advised or non-endowed funds, remember that available to spend is simply a calculation of a recommended spending balance, but Foundation policy allows you to make larger grants if desired as long as the minimum fund balance is maintained.

## **Match Madness Results**

It is with much gratitude that we say "THANK YOU" to all 233 donors that came out on Match Madness to support 8 local charities. Because of their generosity, \$53,604 donations were received to support local endowments that will continue to support the good work of these charities now and in the future.
